

## Surgical Trolleys

Available in three sizes. Surgical trolleys combine 304 grade stainless steel frames with stainless steel trays or shelves

- Unique lift-off top tray of removable flat shelf
- All models available in 2 or 3 removable tray/shelf combinations
- Trays have raised edges to retain items
- Trays 'locate' around the frame so cannot be knocked off
- Quality, easy to clean material used throughout
- Supplied fully assembled
- 2 year guarantee
