

Shoreline Medical Refrigeration

Modern pharmaceuticals need to be stored at exact temperatures. The pharmacy refrigerators have been designed to maintain an internal air temperature between +2°C and +8°C with an audio/visual alarm system that activates upon higher or lower temperatures. They are fully lockable to prevent unauthorised access and to ensure that all medication remains secure. To give you peace of mind in your decision by choosing Shoreline Pharmacy Refrigerators, this new range has been Independently Tested (UKAS Certified) to comply with World Health Organisation performance criteria for vaccine refrigerators (E3/PROC/3/2), not forgetting our 2-Year Warranty parts & labour.

- Temperature range +2C to +8C
- Forced-Air Cooling for even temperature distribution
- Digital temperature display
- Audio/visual temperature alarm and remote alarm terminals
- Max/Min temperature memory
- Automatic defrosting
- CFC & Amonia free
- Reversible hinged lockable doors
- Adjustable shelves
- Voltage Supply: 230V/50Hz
- UK 3 Pin Plug

Options Available

- 7 Day Chart Recorderl
- Mains Failure Alarm
- Castors

FPD-4356 - 352 Litres Pharmacy Refrigerator

FPD-4363 - 252 Litres Pharmacy Refrigerator

FPD-4362 - 174 Litres Pharmacy Refrigerator
